SLIDING FEE PROGRAM

Compass Health’s sliding fee program is designed to reduce barriers to accessing health services by offering outpatient services at a discounted fee to those that qualify. The sliding fee scale applies to patients without health insurance. Compass Health’s sliding fee discount schedule of fees is based on household size and the poverty guidelines set by the U.S. Department of Health and Human Services under authority of 42 U.S.C. 9902(2), with approval from the Board of Directors. The discount schedule is updated annually based on changes to the poverty guidelines.

As mandated by federal rules governing FQHC’s, to qualify for the sliding fee program patients must:

- Complete the Sliding Fee Scale Eligibility Application form (includes information on all household members)
- Provide the required proof of income for all household members
- Patients cannot receive the sliding fee discount until they have completed all of the required paperwork and have been enrolled.

Sliding Fee Categories Are Based on Federal Poverty Level (FPL)

- Slide A: 0 — 100% of FPL
- Slide B: 101—135% of FPL
- Slide C: 136 — 165% of FPL
