## SCHEDULE AN APPOINTMENT

Call Compass Health Sedalia and indicate, "I want Methadone." Let your Compass Health provider know you are interested in methadone treatment.

## FIRST APPOINTMENT

Meet with a physician who will evaluate and discuss with you whether methadone treatment is right for you.

- Receive your first dose of methadone the day of your appointment if you and your physician agree to this treatment.
- First appointment will take 3-4 hours.

## SERVICES

Opioid Treatment Program offers a comprehensive array of services and supports- individualized based on your need.

- Physical Exam including EKG
- Physician and Nursing Services
- Lab Services include urine drug screening, pregnancy, HIV, Hepatitis, and TB testing
- Methadone Dispensing
- Individual Counseling
- Group Education and Counseling
- Overdose Education and Narcan Kits
- Community Support

## OUTCOMES

Improve your health, social relationships, ability to maintain employment, and/or return to school.

- Structured support
- Daily dispensing of medication
- Reduce craving and prevent withdrawal
- Ultimately, feel better
