

**This Attachment's purpose is to disclose providers participating in the Hospital's Financial Assistance Policy (FAP) and those that who are not participating.**

**As a specialty hospital (inpatient psychiatric), Royal Oak's scope of service delivery is limited to only inpatient psychiatric services. With this narrow service scope and limited number of providers, there are no services provided under Royal Oaks that are excluded from the Hospitals FAP.**

**That said, 100% of the Hospital providers at any point in time are participating in the FAP.**

**FAP PARTICIPATING PROVIDERS – ALL PROVIDERS**

**FAP NON-PARTICIPATING PROVIDER – NONE**

**If the above circumstances change, this attachment will be updated accordingly.**
